CRAFT KITS

CARBATEC AT THIS YEARS MELBOURNE SHOW

In the true essence of a Show, this year the Carbatec Stand will feature 9 live demonstrations designed to showcase a range of products as well as skills, techniques and applications for their use.

TIMBER & WORKING WITH WOOD SHOW

MELBOURNE
11TH - 13TH SEPTEMBER 2015
CAULFIELD RACECOURSE

COME, LEARN & EXPERIENCE...

WOODWORKING USING PALLETS & RECYCLED TIMBERS

At the Carbatec Live Machine Shop we will be demonstrating how to make a range of homewares using wooden Pallets and recycled timbers.

KIDS SPACE

Kid's Space comes to Melbourne where children from 4-12 years can come and build a range of children safe projects from precut kits and under the guidance of retired Woodwork Teacher – Bruce Sharp.

DEMONSTRATIONS & PRODUCT SALES

Veritas Handtools

Learn how to set up and use the range of Handtools from our Veritas trainer.

Japanese Saws

Have a go and learn about the advantages of using Japanese Saws in woodworking.

Sharpening with Waterstones

Learn more about Waterstones and how to best use them when sharpening.

Woodturning Pens & Craft

Learn more about woodturning with a focus on pens and craft.

Bessey Clamps

Experts from Bessey will discuss and demonstrate the Bessey clamp range.

Finishing & Polishing

Learn from an expert finisher and polisher on a range techniques and applications using Liberon and Organoil products.

Tormek Sharpening

The ultimate in sharpening, Tormek will be demonstrating the T-7 & T-4 systems plus see the new range of Plano Clamps from Protool.

MACHINE SHOP

Browse our large 6x6 Machine Shop featuring a range of products and brands. Discuss your workshop needs and take advantage of our Machinery Specials.

SAW STOP

SawStop - the worlds safest table saw will be on display. See the emergency brake live in action with demonstrations twice per day.

SIGN UP TO OUR MAILING LIST to receive monthly specials, event and demonstration invitations and articles.

Reg. \$4,058

PACK OFFER
\$3,600

SEE THE LIVE MACHINE SHOP
AT THE MELBOURNE SHOW

CARBATEC 15" DELUXE THICKNESSER

CTJ-381 Reg. \$1,799

The Carbatec 15" Deluxe Thicknesser is packed with features including a powerful 3hp motor; a three knife cutterhead; serrated infeed roller; polyurethane outfeed roller; anti-kickback fingers; adjustable bed rollers and a front-mounted Magnetic Starter NVR switch. One distinct advantage is the low mounting of the motor providing more space for the top rollers. This lower position allows you to feed and return material for repeated passes instead of carrying the material back to the infeed side by hand.

SPECIFICATIONS	
Motor	3.0 HP Induction
Cutterhead	Straight 3 Knife
Dust Port	4"
Feed Rate	5m/min or 9m/min
Infeed/Outfeed Roller	Serrated / Polyurethane
Max Cutting Width	381mm
Max Depth Of Cut	3mm
Max Thickness Of Stock	205mm
Min Stock Thickness	6mm
Table Material	Cast Iron Rise & Fall
Table Size	381mmx1070mm
Workshop Footprint	820mmx1070mmx1160mm
Warranty Period	3 Years

CARBATEC SPIRAL HEAD 8" INDUSTRIAL JOINTER

CTJ-350X Reg. \$2,259

This Carbatec Industrial Jointer features a spiral cutterhead which will revolutionise your woodwork! Offering silent cutting as well as less chatter and tear-out in curly or highly figured wood; this cutterhead will save hours of clean-up work. This machine's 40 four-sided cutter knives are made of fine grain tungsten carbide and are held in place by a Torx style screw. Knives of this type last three to five times longer than good quality HSS knives.

SPECIFICATIONS	
Motor	1.5 HP Induction
Blade Guard	Mutton Style
Cutterhead	Spiral - 40 insert knives
Dust Port	1x4"
Fence Tilt	45°/90° / + 45°
Positive Stops	45° & 90°
Rabbeting Capacity	17mm
Stand	Enclosed Cabinet
Switch Type	Magnetic NVR
Table Size	1950mm
Width	200mm
Workshop Footprint	1950mm x 670mm x 1310mm
Warranty Period	3 Years

'Price Shavings' are available online, by phone on 1800 658 111 and in participating stores: Brisbane, Sydney, Melbourne, Adelaide, & Launceston.

CARBATEC 10" HEAVY DUTY CABINET SAW

TSC-10HB Reg. \$2,199

The powerful 3.0HP induction motor and excellent build quality make this unit a true value for money machine. Supplied with cast iron extension wings on both sides and comes with a standard router extension wing on the left hand side which is suitable for most router types. Router table fence also available.

SPECIFICATIONS	
Motor	3.0 HP Induction
Table Size	1015mm x 685mm
Speed	2850 RPM
Arbor Diameter	5/8"
Blade Diameter	10" 250mm
Blade Guard	Clear, Tilting - Fix
Blade Tilt	Right
Dado Capabilities	15mm Max
Drive Type	Triple V-Belt
Dust Port	4" Main Port
Fence Style	Micro Adjustable Aluminium
Max Cut at 45° / 90°	58mm / 77mm
Max Rip Capacity	695mm
Mitre Gauge Included?	Yes
Riving Knife Style	Fixed Splitter - Tilt
Anti Kickback Pawls?	Yes
Switch Type	Magnetic NVR
Warranty Period	3 Years
Workshop Footprint	1480mm x 1110mm x 980mm

UNIVERSAL MOBILE BASE

CMB-700 Reg. \$139

This adjustable mobile base provides extra carrying capacity and size flexibility. With 320kg capacity, this base extends from 355mm square, up to 558 x 1370mm in rectangular configuration. Slotted rails adjust to an exact fit on your machine.

INCRA MITER V120

IN-MITERV120 Reg. \$129

The Incra Mitre V120's incredible 120 angle stops are laser cut into the steel protractor; with a stop available for every whole degree and two special stops at 22.5 degrees for cutting eight-sided frames and mouldings. All-steel construction makes it an excellent long-term investment.

CMT CIRCULAR SAW BLADE COMBO

285-048-10M Reg. \$72

Work with a wide range of materials from soft and hard woods to plywood and melamine with accuracy and efficiency. Size 250 x 30 x 48T.

LIVE AT THE MELBOURNE SHOW

CARBATEC ECONOMY MINI LATHE

MC1018 Reg. \$359

The first Mini Lathe introduced into Australia in the 90's, this Carbatec Mini Lathe offers versatility and functionality in a small; affordable package. It is ideally suited for the beginner or as a lathe which can be transported (such as in a caravan) due to its light weight and compact size.

FEATURES:

- 1/2 HP induction motor
- 5 Spindle Speeds
- Cast Iron headstock, bed and tailstock
- Complete with drive centre
- Revolving tailstock centre
- 80mm diameter faceplate

SPECIFICATIONS

Motor	0.5 HP Induction
Headstock Movement	Fixed
Hole through Spindle/Tailstock	10mm
Max Distance Between Centres	440mm
Morse Taper	#2 MT
Speed Adjustment	Manual Belt Change
Speed Range (RPM)	300-3200
Spindle Thread	M30 x 3.5TPI
Swing Over Bed Capacity	260mm
Warranty Period	3 Years

PEN ASSEMBLY PRESS

CT-PAP1 Reg. \$63

The perfect helper to press tight fitting pen components together. Adjusts easily to fit any pen kit, applies up to 130kg of pressure and clamps easily to a bench.

CARBATEC 3/4HP 16 SPEED BENCH DRILL PRESS

DP-4116B Reg. \$469

This Carbatec 16 Speed Bench Drill Press features a cast iron pulley system which reduces belt slip and vibration and produces more inertia. Includes a fitted work light.

SPECIFICATIONS

Table Size	305mm diameter
Drilling Capacity	3/4" (19mm) steel
Capacity	3 to 16mm
Chuck To Base	520mm
Chuck to Table Max	320mm
Column to Drill Centre	160mm
Morse Taper	MT2
Speed Range (RPM)	210-3340rpm
Stroke	82mm
Tilt Type & Degree	Table, 360°
Work Light Provision	Yes
Workshop Footprint	340 x 630 x 970mm

PEN BLANK DRILLING VISE

PV-609 Reg. \$120

This drilling vise allows you to drill into the exact centre of your pen blanks. The vise jaws move in and out together; ensuring a precisely drilled hole in the centre of your pen blank. The vise also adjusts automatically - so you can set up once and drill multiple pen blanks in the exact centre.

'Price Shavings' are available online, by phone on 1800 658 111 and in participating stores: Brisbane, Sydney, Melbourne, Adelaide, & Launceston.

VERITAS HAND PLANES

Purchase one of the below Veritas Planes and receive a Free Plane Sock

Made from a silicone-treated knit cotton that resists moisture, these Veritas plane socks are ideal for plane storage. Designed much like a tube sock with a drawstring enclosure, they keep dust and dirt off planes and help deter rust. A tag on the outside of the sock lets you label the contents.

**FREE
PLANE
SOCK**

veritas®

VERITAS SMALL BEVEL UP SMOOTHER - A2

With a size comparable to a #3 bench plane this low-angle smoother is 228mm long, 58mm wide and weighs only 1.25kg. The machined and surface ground ductile cast iron body has a 12° bed angle and a moveable toe fully enclosed by the body casting. The locking front knob controls the toe to set the mouth opening while an unobtrusive stop screw in the throat allows repeatable mouth setting and prevents contact between the blade and toe. The front knob and rear handle are bubinga.

05P39-01-PK Reg. \$370

ONLY \$351 + FREE SOCK

VERITAS RIGHT HAND SHOOTING PLANE

The mass of this plane combined with its long base and low center of gravity makes it both stable and effective. The body is fully stress-relieved ductile cast iron with a sole and running surface machined flat and square to one another. The 2-1/8" wide running surface fits the classic Stanley #52 chute board. Three set screws let you compensate for slight inaccuracies in a wooden shooting board by adjusting the blade square to the workpiece. Includes a lapped blade made of PMV11 tool steel.

05P54-71-PK Reg. \$520

ONLY \$499 + FREE SOCK

VERITAS BEVEL UP JOINTER PLANE - A2

At 559 x 73mm, the Bevel-Up Jointer Plane is the answer for jointing edges and flattening large panels. The bevel-up configuration results in a plane that is versatile and straightforward to use. The 12° bed angle coupled with the 25° blade bevel creates an effective cutting angle of 37°. A 25° blade is supplied with each plane but it will accept 38° and 50° bevels as well. The 2-1/4" wide blade is 3/16" (4.8mm) thick and is made of A2 tool steel that is hardened to RC60-62. An adjustable throat plate allows a wide range of mouth adjustment.

05P37-01-PK Reg. \$470

ONLY \$449 + FREE SOCK

VERITAS FLUSH PLANE

This plane is ideal for flush trimming of projections such as glue lines, laminate edges, and plugs.

It can also be used for cleaning out the insides of corners. Its comfortable shape provides a solid grip while a steel pin moulded into the tough ABS body absorbs thrust loads. The blade (included) has a 25° bevel angle.

05P20-01 Reg. \$69

ON SALE \$62

VERITAS BEVEL UP JOINTER FENCE

This Jointer Fence enables you to shoot consistent and accurate square or bevelled edges. The 11" long anodized aluminum fence can be attached to either side of the plane with the brass thumbscrews provided and the set screw can be adjusted to square the fence to the sole. The 2" tall guiding face can be used to plane edges perfectly square, it can also be used to shoot angles less than 90° when a bevelled wooden guide is attached to the inside face of the fence.

05P37-05 Reg. \$64

ON SALE \$54

VERITAS LOW ANGLE BLOCK PLANE

The higher side wings of this Low Angle Block Plane are ideal for shooting and the multiple finger grips on each side provide optimal control. With a 6" (150mm) x 2" (50mm) wide body made from ductile cast iron it can take hard knocks without cracking. The A2 tool steel blade is 1/8" (3.2mm) thick and 1-5/8" (41mm) wide.

05P22-01 Reg. \$249

ON SALE \$224

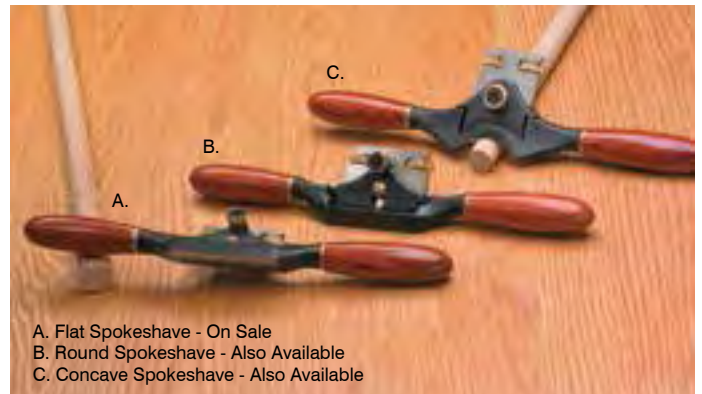

CAST ROUND SPOKESHAVE

This replica 1374 round-bottomed spokeshave from Edward Preston is smaller than typical spokeshaves at 6-3/4" long. It's designed for fine smoothing and shaping with a tight mouth opening that helps reduce tear-out, and a 5/8" radius sole allows you to work tight curves. The lapped PM-V11 blade is 1-3/8" wide and 3/32" thick with a 30° bevel and clamped with a thumbscrew and cap iron.

15P17-05 Reg. \$99

ON SALE \$89

A. Flat Spokeshave - On Sale
 B. Round Spokeshave - Also Available
 C. Concave Spokeshave - Also Available

VERITAS FLAT SPOKESHAVE - A2 BLADE

Veritas' flat spokeshaves have been designed for smooth effective chatter-free shaping of chair spindles, panel edges, paddles, tool handles and all kinds of freehand shaping. This spokeshave has a 1/8" (3.2mm) thick A2 tool steel blade seated at 45° to the sole. The thick blade, carefully machined lever cap and blade bed all combine to produce chatter-free cutting. Tool length is 260mm.

MINI CARBIDE BURNISHER

We made this carbide burnisher specifically for curved scrapers and fine detail scrapers. The 1/8" diameter polished carbide rod projects 3/4" from the hardwood handle. Ideal for one-handed use.

05K20-30 Reg. \$16

ON SALE \$14.50

SAVE
9%

Sale price is for this 3 piece Curved Scraper Set only

VERITAS 3 PIECE CURVED SCRAPERS 0.6MM

These three piece scraper sets cover a variety of scraping jobs. The concave / convex ends are excellent for bowl or spindle work. The flat scraper is for general purpose work. The French curve shape handles various sizes of concave surfaces. The gently chamfered surfaces of the third style are perfect for stripping glue lines or for intricate scraping.

05K20-10 Reg. \$29

ON SALE \$26

SAVE

Each sold separately

VERITAS 3/8" TAPERED TENON CUTTER

This 3/8" tapered tenon cutter will put tapered tenons on the tips of turnings, dowels or rustic furniture components to fit into tapered holes; for example legs and spindles on a Windsor chair. Works equally well in soft, green or hard woods. 3/8" is the minimum tenon diameter it will cut. Other sizes available as pictured. Each sold separately.

05J61-04 Reg. \$62

ON SALE \$56

SAVE
10%

VERITAS SUPERHARD CABINET SCRAPER SET

These scrapers are hardened to RC48-52 and hold an edge longer than most. The edges are carefully milled to a square; sharp 90°; ready for immediate use on fine work. For heavy-duty use, a hook must be burnished onto them. The scrapers come in 4 thicknesses: 0.4, 0.6, 0.8, 1mm. The two thinnest are for fine work and the two thicker ones for heavier stock removal or paint removal. All come with edge guards and complete resharpening instructions.

05K30-10 Reg. \$29

ON SALE \$26

SAVE
10%

VERITAS VARIABLE BURNISHER WITH BLADE

Veritas' variable burnisher makes burnishing easy. The unit has a carbide rod in a brass hub held at an angle. A dial on the face of the body lets you set any angle from 0° to 15°. Rotate the hub to the chosen angle and then lock it in position with the thumbscrew. Because the burnisher body is slotted; you can burnish a scraper with complete confidence that the correct angle is being maintained. Instructions included and it comes with a scraper to practice on.

'Price Shavings' are available online, by phone on 1800 658 111 and in participating stores: Brisbane, Sydney, Melbourne, Adelaide, & Launceston.

VERITAS MICRO ADJUSTABLE WHEEL MARKING GAUGE

Anodized aluminum body, brass face, stainless-steel rod. An internal O-ring keeps constant light friction on the rod. It is fitted with a two-stage collet that allows micro-adjustment of the cutting wheel. The collet has a fine-pitch thread, one revolution advances or retracts the wheel 1mm. The knurled thumbscrew then locks the setting. The hardened steel wheel cuts wood fibers rather than tearing them leaving a clean mark even on cross grain. The wheel's single-sided bevel also forces the gauge face against the stock maintaining accuracy. The cutting edge of the wheel is at the extreme end of the shaft which is useful for transferring dimensions.

05N35-10 Reg. \$59

ON SALE \$53

SAVE 10%

VERITAS DUAL MARKING GAUGE

The dual marking gauge has two independently adjustable rods letting you set two measurements at once so you can quickly alternate between them. The cutting wheels are oriented with opposing bevels ensuring that you can always set the bevel in the waste side of a cut. One rod has its cutting edge at the extreme end of the rod making it useful for transferring dimensions such as tenon shoulder and mortise depth. Each cutter can be retracted into the brass face for safe storage or to permit use with a single cutter.

05N70-01 Reg. \$87

ON SALE \$78

SAVE 10%

VERITAS STEEL HONING PLATE

Precision-ground to a flatness tolerance of 0.005" over the entire surface. This honing plate is an excellent substrate for diamond paste. Made of dimensionally stable low-carbon steel it will retain its flatness over a lifetime of ordinary use. Unlike sharpening stones it will never need truing.

05M40-01 Reg. \$38

ON SALE \$34

SAVE 11%

CHINESE SCISSORS SET OF 4

This style of scissor has been made for over 300 years in China. Hand forged they have a hard steel layer laminated to a softer iron backing that supports the more brittle hardened layer. They come razor sharp. The blade strength and sharpness make them useful in the shop, garden or kitchen. Overall lengths: 140 to 216mm.

45K10-10 Reg. \$22

VERITAS 4 WAY SPEED FRAME CLAMP

The fastest adjusting frame clamp on the market. The four clamping nuts are designed to let you make fast adjustments. They are cross-drilled to slide easily until they come up against a corner clamp then their threads engage. To release just back them off by a turn and they slide again. The corners are accurate extrusions with a machinists inside corner. Kit includes extensions as shown giving a maximum capacity of 44" square or 65" x 23" rectangle.

05F01-20 Reg. \$62

ON SALE \$52

SAVE
16%

VERITAS FAST ACTING HOLD DOWN

This is an excellent hold-down clamp. Just insert the post into any 3/4" hole until the arm touches the workpiece then throw the hardened steel cam lever to simultaneously clamp the work and wedge the post in place. Fine barb-shaped ridges prevent upward movement when the post is canted while still allowing easy entry into a hole. To release it you simply flip the lever back.

05G47-01 Reg. \$123

ON SALE \$111

These bench dogs are made from solid brass rod and can be installed in any bench by drilling a 3/4" hole. Brass dogs are not only non-corroding but are kinder to your tools if you happen to slip and strike one with a sharp edge. The combined cross-hatching and 2 degrees inward slope of the dog face hold wood very securely. The side spring lets the dog slide smoothly but holds it well at any desired projection.

'Price Shavings' are available online, by phone on 1800 658 111 and in participating stores: Brisbane, Sydney, Melbourne, Adelaide, & Launceston.

PRICE SHAVINGS

'Price Shavings' are available from 1st - 30th September 2015 via our online store at www.carbatec.com.au, via phone orders by calling 1800 658 111 or at the following participating stores only:

BRISBANE, MELBOURNE, SYDNEY, ADELAIDE & LAUNCESTON.

This catalogue includes both Clearance/Runout items and Special/Discount offers.

*Products labeled as 'Clearance' are available only while stocks last - sorry no backorders. Special/Discount offers are available on back order if stock runs out during the sale period.

Errors and Omissions Excluded: Whilst we work to ensure information in this catalogue and our website is accurate and correct, occasionally, an error may occur and goods may either be incorrectly described or incorrectly priced.
